

FOOD SAFETY POLICY

The Garden Place Hotel Limited is committed to a food safety policy, which ensures the purchasing, processing and food service.

Our goal is to meet and exceed customers' expectations in providing safe food and associated services

We have implemented an effective Food Safety Management System based on RS 184:2017 Codex HACCP Principles and shall endeavour to continually improve its effectiveness.

Our Objectives are:

- To ensure that all our operations and food comply with applicable statutory & regulatory requirements.
- To identify, evaluate and control potential food safety hazards within the scope of our operations.
- To continually communicate, both internally and externally, sufficient information regarding food safety.
- To carry out continuous food safety training for all our employees and any other person(s) whose activities has an impact on food safety.
